

Princeton University

Summer Undergraduate Research Program (SURP) 2017

Departments of Molecular and Quantitative & Computational Biology

Online Application

Welcome to the online application for the Summer Undergraduate Research Program in Molecular and Quantitative & Computational Biology at Princeton University for the summer of 2017.

The 2017 application will be available in October 15 of 2017. **The program runs for nine weeks from June 12 – August 11, 2017.**

Please enter all requested information in the following [online application](#). You may return to this site at any time to check on the status of your application.

Required Application Materials: (Due by February 1)

- Electronic Application
- A short personal statement.
- Two letters of recommendation from faculty members. Submitted online. When completing the online application, please supply your recommenders' institutional e-mail addresses. Each referee will then automatically receive an e-mail with directions on how to submit a recommendation on your behalf.
- Transcript(s) of all undergraduate courses and grades, including the current fall semester. In order to submit a transcript, please attach an official electronic or scanned version of your transcript that you have obtained from your college or university. Please do not mail transcripts. If you are offered admission to the program and accept our offer, you will be required to submit an official sealed transcript from your current college or university. Mailing instructions will be included in the offer letter.
- CV or résumé submitted in PDF or Word format. For additional questions about the application process please contact Caressa Sanford at caressas@princeton.edu.

Important information:

This application is for visiting (non-Princeton University) students.

Princeton University students: Please see the Summer Undergraduate Research Program page or the [FAQ's](#) for program eligibility information.

The due date for all application materials is February 1, 2017.

Only completed applications will be reviewed.

Applicants must be undergraduates who are US citizens, permanent residents, or foreign undergraduates attending a US educational institution.

Applicants must be current undergraduates (rising sophomores, rising juniors, or rising seniors) at the start of the program.

All applicants will be notified via email of the Selection Committee's decision by March 1, 2017.
